E-mail: Patrick.child1@ec.europa.eu

Position: Deputy Director-General

- Chairperson or Deputy Chairperson of the Governing Board
- Representative/lead delegate/alternate of the Commission
- Representative/lead delegate/ alternate of [...]
- Representative/lead delegate/ alternate of [...]
- Other (please specify)

do hereby declare on my honour that, to the best of my knowledge, the only direct or indirect interests I have in the Fuel cells and hydrogen industry are those listed below:

1 Past activities:

Managing Director for Administration and Finance and Chief Operating Officer ad-interim, EEAS

Strategic management of human resources, finances and security for the External Action Service, with direct responsibility for a staff of 350 in 3 directorates and 13 divisions (units) and a budget of €800m in 2015 and oversight of the management of the network of 140 EU delegations employing a total of 5,500 European External Action Service (EEAS) and Commission staff. During the crucial preparatory and launch phase of the new service, leading and managing a challenging process of institutional change under acute resource constraints, including development of new policies for human resources, financial management security, infrastructure and IT, reflecting the political priorities of EU external relations and the Common Foreign and Security Policy (CFSP). Establishing and consolidating the EEAS as an administratively and financially autonomous service; fostering and promoting the corporate culture of the new organisation while maintaining strong co-operation with Member States, the Commission and other EU institutions. Regular participation in meetings of Directors General of EU Foreign Ministers to build support and report on progress for the new Service. Extensive travel to all regions in the world to support the work of the delegations.

2. Current activities:

Deputy Director General in DG Research and Innovation

Responsible for establishing policy for the management and implementation of the EU's €77bn research and innovation programme by the Commission services, executive agencies and other implementing bodies. Policy lead on innovation on climate change, environment

and clean energy technologies, including responsibility for supervising an annual programme of €770m in these areas. Intense contacts with EU and international universities and research organisations and their representative bodies and networks, including a particular focus on the implications of Brexit for EU research and innovation funding. Commission representative and steering committee chair (2017-18) in Mission Innovation, an international coalition of countries committed to doubling public investment in clean energy research following the COP21 Paris conference on climate change and co-chair of the international Group of Earth Observation (GEO). Extensive science diplomacy activities, including high-level representation, public speaking and outreach with international partners. Managing three directorates with staff of staff of 300.

3. Current Financial Interests

[Any direct financial interests, (managerial stakes in companies, including ownerships of patents or any other relevant intellectual property rights), or assets (shares and/or securities held in companies) or grants or other funding which might create a conflict of interests in the performance of their duties, with an indication of their number and value, as well as the name of the company/provider of the grant/funding.]

[No Interest Declared] / [Interest...]

4. Any other relevant interests.

[No Interest Declared] / [Interest...]

5. Family Member Interest

[Spouse's/partner's/dependent family members' current activity and financial interests that might entail a risk of conflict of interest.]

[No Interest Declared] / [Interest...]

I confirm the information declared on this form is accurate to the best of my knowledge and I consent to my information being stored electronically by the Fuel Cells and Hydrogen 2 Joint Undertaking.
