

Marta MAROÑO
Senior Researcher
Coordinator of Hydrogen Technologies Area
Research Center on Energy, Environment and
Technology (CIEMAT), Madrid, Spain
Mail: marta.marono@ciemat.es

CURRICULUM

Born in Santiago de Compostela (Spain) in 1967. MSc in Chemistry, PhD in Chemical engineering, in the area of process safety. Master in Nuclear Energy (Autonomous University of Madrid, 1996), started my professional career in the field of Risk Assessment and safety performance analysis, first in the chemical process industry and later in the nuclear sector. For more than ten years worked as advisor of the Spanish Nuclear Regulatory body in the area of operational safety and safety indicators, in close collaboration with the US Nuclear Research Council.

Since 2005 main expertise is in Hydrogen production by non-electrolytic methods, Hydrogen quality and operational safety being responsible of laboratory safety at Ciemat. Active promotion of safety culture and improvement of Hydrogen safety by lessons learnt from incidents/accidents.

Close collaboration with EU institutions in the Hydrogen sector: Chair of External Affairs of Hydrogen Europe Research (HER) since 2016, member of JP Hydrogen and Fuel Cells of the European Energy Research Alliance (EERA) since 2014. Member of European Hydrogen Safety panel (EHSP) since 2020.
