

EUROPEAN HYDROGEN PORTS CONFERENCE

Hydrogen and Fuel Cells – A Zero Emission Alternative for the Ports and Maritime Sector

Thursday 8 November 2018

**Scotland Europa Conference Centre, 8th Floor, Scotland House,
Rond-Pont Schuman 6, B1040 Brussels**

Agenda

9.15 Coffee and Registration

9.45 Welcome and Introduction

Jon Jordan, Director, European Policy Solutions Ltd

**9.50 THE CHALLENGE OF GREENHOUSE GAS REDUCTION IN
PORTS AND THE MARITIME SECTOR**

Sotiris Raptis, EcoPorts Co-ordinator, European Sea Ports Organisation

Magdalena-Andreea Strachinescu-Olteanu, Head of Unit, Maritime Innovation,

Marine Knowledge and Investment, DG Maritime Affairs and Fisheries

Antonis Michail, World Ports Sustainability Program.

Carlo Raucci, Principal Consultant, University Maritime Advisory Services.

11.20 Coffee and Networking

**11.40 INCREASING THE USE OF HYDROGEN AND FUEL CELLS IN THE PORTS
AND MARITIME SECTOR**

THE POLICY DIMENSION

Bart Biebuyck, Executive Director, Hydrogen Fuel Cell Joint Undertaking (FCH-JU)
Torsten Klimke, Deputy Head of Unit, Innovation and Research, DG Mobility and Transport

Tudor Constantinescu, Principal Advisor to the Director General; DG Energy.

Faig Abbasov, Shipping Officer, Transport and Environment

13.00 Lunch

13.45 INCREASING THE USE OF HYDROGEN AND FUEL CELLS IN THE PORTS AND MARITIME SECTOR

THE TECHNICAL CHALLENGE

Let's navigate towards zero emission shipping

Roel van de Pas, Project Co-ordinator, Nedstack.

Integration of hydrogen fuel cells into larger vessels.

Mark Kammerer, Business Sales Manager, Hydrogenics.

Challenges in the Implementation of fuel cells in the port environment

Daniela Laursen, Portfolio Manager, Ballard Power Systems Europe.

Speakers from the Hydrogen, Port and Maritime Industries

14.45 CASE STUDIES, PROJECTS AND STRATEGIES

Opportunities for the Development of Hydrogen Port and Maritime Activities in Hull and the Humber

Dr Gesa Reiss, Innovation Manager, Green Port Growth Programme, University of Hull.

The Hydroville Project, Antwerp

Roy Campe, R&D Manager. CMB Group.

The Development of a Hydrogen Valley in the Amsterdam Port Region: Lessons Learned

Jan Egbertsen, Innovation Manager, Port of Amsterdam.

A Strategic Approach to the use of Hydrogen in the Port Infrastructure and Ecosystems

Port speaker to be advised

Questions and Answers

15.30 Coffee and Networking

15.50 PANEL DISCUSSION: FROM DEMONSTRATION PROJECTS TO COMMERCIALISATION

Jorgo Chatzimarkakis, Secretary General, Hydrogen Europe (invited)

Patrick Child, Deputy Director, DG Research and Innovation (invited)
Stefaan Vergote, Advisor, Climate Change Strategy and Governance,
DG Climate Change (invited)
Trond Stromgren, Consultant Maritim Forening, Sogn og Fjordane, Norway.

16.45 RAISING THE PROFILE OF HYDROGEN AND FUEL CELLS IN THE PORT AND MARITIME SECTOR

Conclusions from the Conference and Mapping a Way Forward

17.00 Close
