

NCP Energy Network C-Energy+

Ana Raposo
National Contact Point
for 7th Framework Programme

Brussels, 9th February 2012

Objective

- Reinforce the network of Energy NCPs for the FP7, broadening their expertise and improving the quality of their services
- Increasing the quality of Energy proposals

Expected Impact

- A uniform high level Energy NCPs services across Europe
- More effective participation also of organisation from Third Countries

National Contact Points (NCPs) play a crucial role in the Framework Programmes:

- they reach out to the European research community in order to inform and raise awareness about the funding opportunities of the Framework Programmes,
- to advise and assist potential applicants in the preparation, submission and follow-up of grant applications,
- and to offer support during the execution of projects.

Network
